You are cordially invited to attend a Family Maths {FAMPA} night. It is scheduled on Wednesday 9th September from 7.00-8.30 p.m. for Year 3 students and their parents. Please ensure that all students are accompanied by a parent[s].

The Maths activities are designed to be thought-provoking as well as highly enjoyable, demonstrating that Maths is fun while encouraging greater parental involvement in their child’s Mathematical education.

We have planned these FAMPA Maths Nights with the following aims in mind:

• To create a working relationship between child and parent towards achieving a better common understanding of Mathematics.
• To improve the child’s approach to the application of logic, visualisation and problem solving skills.
• To maximise the benefits of the Family Unit as a basis for learning.
• To improve attitudes towards Mathematics by demonstrating that Mathematics can be fun and enjoyable.

I highly recommend these sessions and look forward to seeing you there. To facilitate planning for the FAMPA evening please complete and return the attendance slip below by Wednesday 2nd September.

Michelle Stone – FAMPA Coordinator
