PUBLICITY CONSENT FORM

Dear Parents,

It has always been our practice at Jells Park Primary School to recognise, display and publish the work and achievements of our students. With the increased use of multi-media within all our curriculum areas, this now frequently includes standard photography, digital photography and the use of video recordings.

There are occasions where students’ work, their photographs or video recording may be used in the media or in public displays to publicise or promote the school and its activities. As the availability of information concerning the students is restricted (no surname or address will be used), the permission of parents / guardians is sought to ensure support in the use of any material that will be seen by people outside the immediate school community eg. public library, school brochures, newspapers, display boards.

In addition, children’s work and photographs will be put on the Ultranet. The Ultranet is a statewide, secure site that students, parents and teachers can access via the internet. It will provide a new learning space and more opportunities for information sharing across the Victorian Government School system.

A consent slip is included below and we would appreciate its return by Friday 10 February 2012. If you have any queries, please do not hesitate to contact me.

Gillian Brookes
Principal
