

Parent Testimonies

"We have been proud members of the Jells Park Primary School community since 2012. The school has provided our children with a supportive and encouraging learning environment. Our children have participated in many extra-curricular activities including after school sports clubs, Schoolaerobics, State School Spectacular, Woorabinda Camp, ICAS tests, Premier's Reading Challenges and Maths Talent Quests. We are looking forward to being a part of Wakakirri and the RACV challenge this year."
- Mark and Elaine Holbrook

We love Jells Park Primary because of the positive, energetic staff who really care about the students. Their academic program, as well as their social well-being programs, are outstanding. If you want a school where everyone will go the extra mile for your child, then Jells Park Primary is the natural choice!
- Greg & Maria Rublee

New to area and not knowing anyone, I didn't get the usual school recommendation from other mums. After touring 4 other schools (2 twice), I was given a personal tour of Jells Park and immediately knew it was the perfect place for my 2 children. The community, friendly and welcoming "feel" of the school was exactly what I was looking for and I have not had one regret since filling in the enrolment forms that same day!"
- Belinda McLaren

This year marks the fourth year of our family's involvement with the school. We chose Jells Park Primary for one key reason; the close, caring community feel and culture of the school. Whilst the school has great facilities and wonderful staff, the thing we are constantly reminded of is the school's culture and community feel. Additionally, as parents of a child with special needs, we have been assured by many outside of the school that the Jells Park approach to supporting students and families with additional needs is far beyond what anyone else has experienced. It gives us great confidence that our child is in an environment in which not only will he learn, but where he can truly flourish.
- Chris Turner

Jells Park Primary school has provided a safe, fun and nurturing learning environment to both my children. The teachers and staff are very passionate and genuinely love their students. My boys benefited from the Differential Teaching model, the well-designed co-curricular activities and the variety of sports programs. The school's focus on student welfare is also impressively effective. The children love their buddy program, their school therapy dog Ziggy and their mindfulness sessions everyday.
- Jing Tang
